Notice of Maximum Load Rating:

The maximum load rating of the product identified in the "Vestil Product Model Designation" field below is 350 pounds (159kg). The maximum load rating is the total weight that can be supported by the lanyard, which corresponds to the combined weight of the person plus clothing, tools, personal protection equipment and fall protection equipment, and any other item(s) carried by, or by other means attached to, the person or lanyard. This lanyard **MUST ONLY** be used in conjunction with fall protection equipment of equal or greater maximum load rating(s).
