

LP TANK LIFTER

Standard Features:

- Constructed of steel for strength and durability.
- Powder coated with a bright yellow finish for security and discernibility.
- 200 lb max capacity

To Use: Simply attach the lifter to a lifting device, such as a fork truck, by utilizing the centrally located chain/hook opening. Once the unit is secured, place the arms tightly under the top and base ridges of the LP tank, lift to desired height, and transport to the preferred location.

Unique design for lifting LP tanks.
