High Quality - Attractive - Rugged - Versatile

Standard Features:

- (4) swivel non-marking 4" casters
- Secure grip handle allows for maneuverability
- Drawers roll on ball bearings and slide with ease
- Units are knocked down and are shipped via UPS
- Capacity is 250 pounds per shelf or 500 pounds total
- Panels are made of ABS material for impact resistance
- Low noise casters are constructed of thermoplastic rubber
- Molded lip around perimeter of deck helps to retain material
- Lightweight aluminum posts are notched to accept side panels
- Semi-textured surface is easy to clean and keeps products from sliding
