

Secure Grip Overhead Drum Lifter

The highest capacity available anywhere!

Designed exclusively for lifting 55 gallon steel drums with a secured lid

Standard Features:

- Polyurethane “spring” loop keeps arms engaged tightly around the drum.
- Lift and lower drums from horizontal to vertical position
- Extra heavy duty 2,200 pound capacity
- Design features ductile-iron arms for strength
- Three arms allow for automatically centering the drum
- Unit must be manually disengaged from drum
- Large overhead lifting ring

Model:
DRUM-GRAB
