

Fork Leveler

Model Number: **FRK-LVL**

Designed to aid the fork truck driver in determining when the forks are level

Model Number	Description	Overall Size (W x L x H)	Net Weight (Pounds)
FRK-LVL	Fork Leveler	2-5/8" x 9-1/4" x 5-1/16"	1

The Fork Leveler is mounted in the eye-line of the operator and gives a clear and precise indication of the mast tilt angle. Even novice operators will be able to accurately align the forks with the load, **FIRST TIME, EVERY TIME!** Save money, save time, and improve safety with the Vestil Fork Leveler.

Cost Savings:

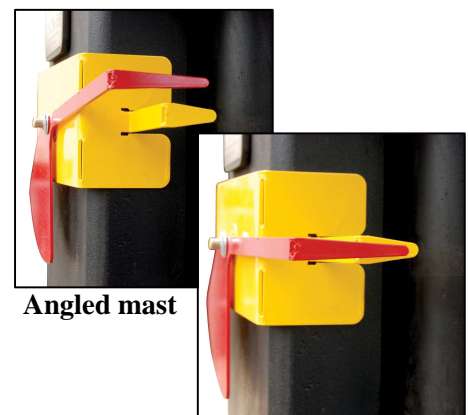

- Less damage to racking systems
- Less wear to forks, controls, and hydraulics
- Fewer damaged pallets and packaging materials
- Reduced re-palletizing
- Fewer instances of declined shipments due to damaged packaging

Time Savings:

- Greatly reduces pallet handling times
- Improves the performance of all drivers
- Decreases driver training times and improves productivity
- Eliminates the need to micro adjust the tilt controls when approaching a load
- Instructors can spend valuable time concentrating on other aspects of driver training

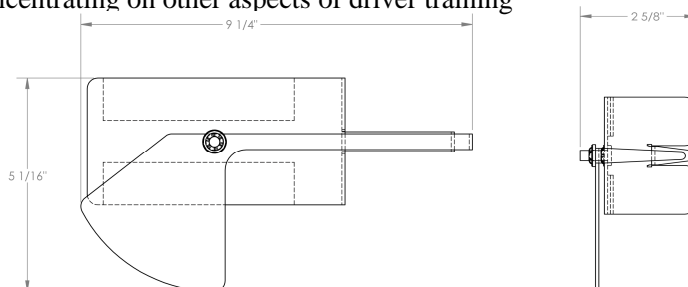

Features:

- Universal Velcro mount
- Attaches in under 5 minutes
- Most economical price in the market
- Works on most lift trucks
