

LOW PROFILE DOUBLE DRUM DOLLY

Made in USA of Domestic and Imported Content

NEW!

Standard Features:

- Double sided design allows the user to load two drums at once for quick movement.
- Open platform minimizes the amount of lifting necessary to secure the drum on the dolly.
- Adjustable handle allows control from either side of the unit and can be unattached for compact storage.
- Six casters for simple maneuvering in tight compact areas.
- Includes one (1) bung nut wrench.
- Steel construction offers long lasting rugged use.
- Baked in powder coated finish for added toughness.

A quick and efficient way to transfer drums!
