

ROLLER WORK POSITIONER

Standard Features:

- Allows the user to easily transport heavy and large rolls of material.
- The cradle design prevents any movement during transportation.
- Foot pump operation provides the ability to adjust the height to an exact measurement within the service range.
- Also includes a lowering release lever, a foot operated brake, a non-slip chain, a chain guard, and a chrome handle.
- Two (2) 3" swivel poly-on-poly load casters and two (2) 6" swivel poly-on-steel steering casters.
- Handle stands at an ergonomic height to help diminish bending during operation.
- Uniform capacity is 800 pounds.

Model Number	Overall Size (W x L x H)	Maximum Roll Diameter	Service Range	Uniform Capacity	Weight (Pound)
HYD-RR-35	24" x 38" x 46"	21"	8" to 38"	800 lb	200

A great addition to material handling and shipping facilities!
