

SKID STEER SNOW PUSHER

Standard Features:

- Universal mounting system.
- Quick connection design allows the unit to be utilized in conjunction with a variety of skid steer models.
- Steel constructed cutting edge.
- The extended side walls help gather and direct the snow, minimizing excess drift.
- Two attached supports for added overall strength.
- Side shoes diminish risk of unneeded structural damage.
- The angle of the top edge supports the forward momentum of the snow, lessening potential overflow.
- Tough baked-in yellow powder-coat finish.
- Durable steel construction.

MODEL NUMBER	OVERALL SIZE (W x L x H)	WORKING WIDTH	WEIGHT (LB)
EA-SKSP-108	114½" x 33½" x 30½"	108"	749

Make it simple to clean driveways and parking lots during harsh winter storms!
